PCM
International
Corp.

PCM International Corp. with headquarter in the city of Miami, FL (United States of America) and main office in the city of Cali, Valle del Cauca (Colombia) is a specialist in consulting, integration and engineering projects implementation, technological infrastructure and informatics. We are focused on devising, proposing and creating integral solutions in pursuit of revenue assurance of companies worldwide.

Our company supports the operation with 3 business lines:

- *Consultancy*
- *Integration*
- *Distribution*

Consultancy

Our methodological approach generates planning for acquisition of hardware / software / IT services, required in different corporate projects; this generates business profitability through the analysis, optimization and monitoring of the value chain in organizations.

*The consultancy is based on revenue assurance which is founded on the combination of **organization**, **processes** and **information** to understand and monitor the process that generates revenue stream in organizations, ensuring that the risks associated with the revenue are identified, focusing on the events that originate the numbers and not in the analysis of results.*
